Mission

With years of experience and a passion for wine, I have established myself on the Costa Blanca with a clear mission: to make my name one of the leading importers of top French wines in the region. My unique approach combines in-depth knowledge of French wine with a focus on the local market. At the same time, I select unique Spanish wines for export to the Netherlands and for sale to local restaurants and private customers. I regularly organize tastings and events, allowing me to bridge the gap between passionate winemakers and wine enthusiasts.

Events

I supply wine to local restaurants, as well as to private customers seeking a unique wine experience. Additionally, Kasimir Wijnimport regularly organizes exclusive tastings and events, both on location and at home, where customers have the chance to discover my carefully selected wines and learn from my expertise. Occasionally, this is done with the help of a guest winemaker.
